THE LIST OF AUTHORS

Bezryadin M.M.   the first year student of master's program, chair of technical cybernetics and automatic regulation, AMM Department, VSU.

Bogatiryov A.M.   the student, the dept. of the Software and Information System Administration, Voronezh State University.

Cherezov D.S.   Assistant, the Head of the dept. of Programming and Information Technologies, Voronezh State University.

Dolbilova E.S.   Post-Graduate Student , the dept. of the Information Systems, Voronezh State University

Dylevskii A.V.   Candidate of Technical Sciences , Associate Professor, the dept. of Cybernetics and Automatic Control, Voronezh State University

Golub V.A.   Candidate of Technical Sciences , Associate Professor, the dept. of Cybernetics and Automatic Control, Voronezh State University

Kozlova I.N.   the first year student of master's program, chair of technical cybernetics and automatic regulation, AMM Department, VSU.

Ledenyova T.M.   Doctor of Technic Sciences, Professor, the dept. of the Mathematical Methods of Operation Research , Voronezh State University

Lisachyv P.S.   Associate Professor, the dept. of Programming and Information Technologies, Voronezh State University.

Makhortov S.D.   Candidate of physics-math. Sciences, Associate Professor, the dept. of the Software for electronic-calculating machines, Voronezh State University

Mayiorova M.V.   the student, the dept. of the Software and Information System Administration, Voronezh State University.

Mikhailova E.E.   Associate Professor, candidate of physics-math. Siences, the dept. of the Software and Information System Administration, Voronezh State University.

Moscalcov V.A.   5-th year student of the dept. Programming and Information Technologies, Voronezh State University

Nechayev Yu. B.   Doctor of physics-math. Sciences, professor of the dept. of the Information Systems, Voronezh State University

Ogarkova N.V.   Assistant, of the dept. of the Software and Information System Administration, Voronezh State University

Popov V.G.   Post-Graduate Student , the dept. of the Information Systems, Voronezh State University

Potapova T.M.   the first year student of master's program, chair of technical cybernetics and automatic regulation, AMM Department, Voronezh State University

Rudalev V.G.   Candidate of Technical Sciences , Associate Professor, the dept. of Cybernetics and Automatic Control, Voronezh State University

Sedunov A.A.   5-th year student of the dept. Programming and Information Technologies, Voronezh State University

Semenov B.A.   Post-Graduate Student , the dept. of Mathematical Methods of Operation Research , Voronezh State University

Sergenko N.P.   the doctor, Central Regional Hospital, Bobrov.

Sirota A.A.   Doctor of Technic Sciences, Professor, the dept. of the Information Systems, Voronezh State University

Tukachev N.A.   Candidate of physics-math. Sciences, Associate Professor, the Head of the dept. of Programming and Information Technologies, Voronezh State University.

Voronina I.Ye.   Candidate of Technical Sciences, Associate Professor, the dept. of the Software and Information System Administration, Voronezh State University

Voronkov B.N.   Candidate of Technical Sciences , Associate Professor, the dept. of Cybernetics and Automatic Control, Voronezh State University

Yarmoshevitch E.I.   Candidate of Technical Siences, senjor major research Federal state establishment "Federal State research experimental center of radio-electronic fight and noticeability reduction efficiency assessment of the Defence Ministry of the Russian Federation".
