

**MEDICINAL MAINTENANCE OF THE POPULATION  
AND SANATORIUM ESTABLISHMENTS IN THE KRASNODAR  
AND STAVROPOL EDGES, ON THE EXAMPLE  
OF SEPARATELY TAKEN CHEMIST'S ENTERPRISES**

*T. M. Bondareva, A. Manar, S. A. Parfejnikov*

Problem of medicinal maintenance of the population and sanatorium establishments still remains actual. For improvement of maintenance of the population by medical products it is necessary, that the drugstore irrespective of a pattern of ownership has been focused on all layers of the population that each buyer could get the goods interesting it.
