

**THE CHARACTERISTIC OF THE MODERN CONDITION
OF SANATORIUM TREATMENT AND REHABILITATION
OF THE PATIENTS WHO HAVE SUFFERED
IN VARIOUS EXTREME SITUATIONS**

T. I. Kabakova, V. V. Kulik

Several aspects of the work of the sanatorium establishments have been learnt. The tendency to enanching the specialization of military sanatoriums has been exposed. The middle value of expenses for the purchase of pharmacy goods on one sick person has been determined.
