

**THE STUDY AMINO ACID COMPOSITION  
OF THE HERB MARRUBIUM LEONUROIDES  
AND MARRUBIUM PEREGRINUM (THE SET. LAMIACEAE)**

*M. F. Mikaelyan, V. V. Melik-Guseynov*

Object of our studies become two types of the sort Marrubium – marrubium leonuroides and m.peregrinum from Lamiaceae. One of this-step of the work became the study an amino acid composition of these plants. The under investigation types cheese are characterized by extensive nomenclature of amino acid with high contents.
