

DEVELOPING COOPERATIVE AND INTEGRATING RELATIONS IN THE REPUBLIC OF TAJIKISTAN

Davlatov K.K.

There are some problems of interconnection between the agriculture and others spheres of Agrarian-industrial association under the conditions of the market economy in the Republic of Tajikistan. It is noted that the poise of these problems has an influence on farm production and its reprocessing. The activity of native farming industry and it is industrial reprocessing were analysed. The reason of the low level's productive capacity in industrial enterprises was revealed. Its well founded vertical integratable structure and main problems of cooperative integratable relations were suggested.
