

INFORMATIONAL PROVISION AS A FACTOR OF REALIZING THE GENERAL SITUATION IN THE COUNTRY AND ANALYSIS OF CERTAIN ASPECTS OF THE COUNTRY LIFE

Shamaev V.G.

The article based on the information of the local GubCHK (Regional Extraordinary Commission) discusses the extraordinary character of the military, political and socio-economical situation in the Voronezh Gubernia (province) during the period of 1918-1921. The article reveals the importance of the informational provision for analysis of the situation in an agrarian province, the reasons of the mass disorders and uprisings and for elaboration of the instructions for the local organs of power.
